

St. Jude Dream Home[®]

Architect of Hope

Giveaway

As an Architect of Hope, you have the unique ability to join in the lifesaving work of St. Jude Children's Research Hospital in its world renowned care. By joining the construction donors with your monetary donation, together your community can produce the best results for the kids at St. Jude. Your generous donation will be acknowledged as an 'Architect of Hope' at the Dream Home.

Since opening in 1962, St. Jude has treated children stricken with catastrophic diseases, regardless of a family's ability to pay. This is in keeping with the vision of our founder, Danny Thomas, that "No child should die in the dawn of life." Thanks to research and treatment developed at St. Jude the survival rate of childhood cancer has been pushed from 20% to 80%. When you support St. Jude you will be contributing to the survival of patients, both present and future.

The St. Jude Dream Home Giveaway program gave its 1st house away in Shreveport, LA in 1991; where a Dream Home still takes place annually. Since its beginning, Dream Home has raised more than \$216 million for the children and has given away more than 270 homes. Each year over 30 Dream Home giveaways take place. You have the unique and exciting opportunity to be a part of this year's Dream Home campaign by becoming an Architect of Hope. For more information, contact your Dream Home Builder.
